

Mission Statement: Subcommittee to develop a concise overview of US and Canadian regulations for reverse logistics/handling of used automotive, consumer and energy storage (ESS) li ion batteries. This includes transportation, packaging, handling and both short and long term storage. Note differences in any state/provincial regulations. The spirit of the overview is to level set NAATBatt members knowledge and to use as a NAATBatt tool of advocacy for our industry.

Deliverables: Concise, understandable overview of US and Canadian regulations for reverse logistics of automotive, consumer and energy storage (ESS) li ion batteries. Preliminary overview ready for NAATBatt Annual Meeting in FEB 2020.

We are not SMEs but hope we all contribute and learn!

Group A Regulatory Subcommittee

Keith Loch (chairperson)	GM	keith.a.loch@gm.com
Margaret ORiley (assistant)	Duke Energy	Margaret.ORiley@duke-energy.com
Michael O’Kronley	A123 Systems	mokronley@a123systems.com
Kunal Phalpher	Li-Cycle	kunal.phalpher@li-cycle.com
Jeff <u>Spangenberger</u>	Argonne Nat Lab	JSpangenberger@anl.gov
Mark Caffarey	Umicore	mark.caffarey@am.umicore.com
Denis Geoffroy	Lithion Recycling	d.geoffroy@lithionrecycling.com

Action Items:

1. Consider adding recycling regulation overview to the Mission Statement. General waste permitting guidelines. Do not promote one method/process over another. Jeff to recommend and research website links.
2. Complete assignments on Reference Guide Flow (next page)
3. Keith will arrange next teleconference NOV 18 or DEC 2

Website Links, charts and reference material preliminary identified in DEC, then accompanying reference verbiage to support in JAN. Discuss F2F at NAATBatt in FEB.

NATTBatt Recycling Subcommittee - Regulatory

NAAATBatt Regulatory Subcommittee Reference Guide Flow

Item	Description	Member	Links	Comments
1	2 paragraph Reference Guide Intro	Keith and Margaret		include scope and purpose
2	Packaging, Handling and Transport (and Recycling?)	ALL	https://eridirect.com/sustainability/us-legislation/ https://www.ecycleclearinghouse.org PHMSA document Others	Prefer associations or trade groups, ERI & r KBI references are a private company
3	US State Regulations	ALL	ecycle link above	need large format LiBs?
4	Canadian Regulatory Summary	Kunal & Denis	Develop Chart	
5	Short Term Storage	Keith	List of GM approved Guidelines	damaged/compromised guidelines?
6	Concluding paragraph with NAAATBatt advocacy	Keith and Margaret	Use NAAATBatt template	

- SAE document – prelim, use for guidance Keith will advise
- *Can NAAATBatt reference 3rd party links for an advocacy project?*
