John Warner
Chief Customer Officer

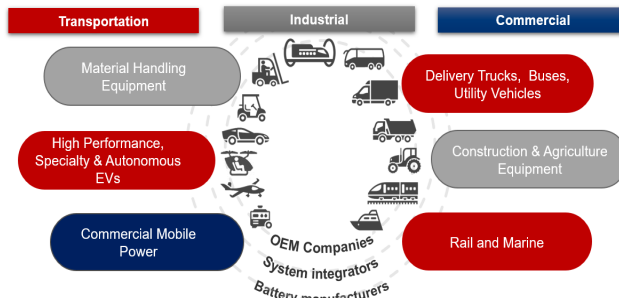

American Battery Solutions

Company

- Founded 2019
- Single investor – KCK Group with \$50M
- Acquired Bosch Battery Systems high-voltage assets
- HQ & Tech Center in Lake Orion, MI
- Manufacturing in Springboro, OH
- Module, pack and system integration
- Engineering, testing & manufacturing

Markets

Team

>50 Team members

A collaboration of battery systems experts with decades of experience in designing, developing and manufacturing advanced battery systems for the transportation industry.

Testing

Cell, module & pack testing

Prototyping

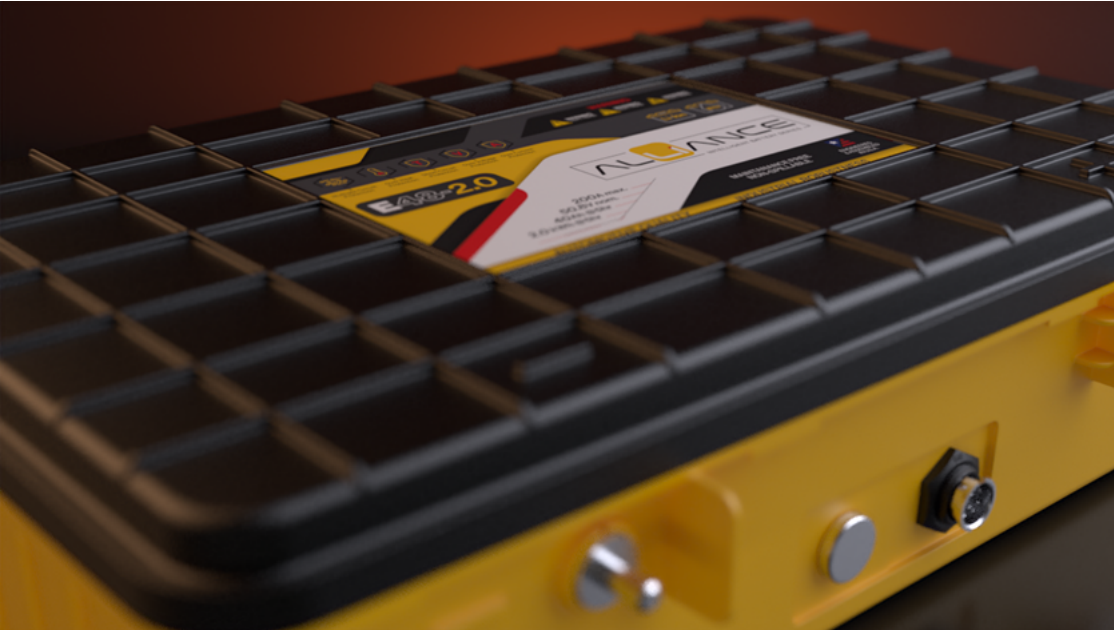

Prototype & pilot build

Manufacturing

Over 60k packs built to date

- ✓ **Versatile and robust** battery for industrial motive applications.
- ✓ **Highest energy density** in its class.
- ✓ **Highest current rating** in its class.
- 48V and 24V options; 2kWh
- Scalable and expandable up to 64kWh
- IP67 sealed
- CAN communication
- Simple integration
- Laser welded fusible links
- Integrated automotive-grade BMS
- Re-settable fuse

Automotive quality.

Industrial Robustness.
